Profile Summary

Motivated Web Developer with hands-on experience in full-stack development. Strong foundation in Django, REST APIs, and frontend technologies with a passion for building efficient, user-centric applications.

Education

Khwaja Fareed University of Engineering and IT *2021 – 2025*
BS in Computer Science (GPA: 3.42)

Govt. Higher Secondary School Firoza *2019 – 2021*
Intermediate in Computer Science (Marks: 746)

Experience

Full Stack Developer Intern *Remote*
Torch Solution *May 2025 – July 2025*

- Built full-stack applications using **Django REST Framework**.
- Developed and consumed REST APIs, designed interactive views, and collaborated in an Agile remote team.

Projects

Fake News Detection System

- Developed using **HTML, CSS, JavaScript** (Frontend) and **Django REST Framework** (Backend).
- Integrated **Google Fact Check API** to validate news content.
- Used **SQLite & PostgreSQL** for storing verified news data.

Tour Guidance Website

- Backend powered by **Django REST**; user management, listings, review system, and dynamic filtering.
- Designed for responsive browsing and mobile compatibility.

Online Voting System

- Developed using **Django** and **SQLite**, with secure login and voting process.
- Implemented real-time vote tally and admin controls.

Property Sale Platform

- Designed and developed a real estate platform using **Django** and **PostgreSQL**.
- Implemented features for users to browse, search, and post property listings securely.
- Added user authentication, property detail views, and admin controls for listing moderation.

Technologies

Frontend: HTML, CSS, JavaScript
Backend: Django, REST APIs
Databases: SQLite, PostgreSQL, MySQL
Tools: Git, GitHub
Languages: Urdu (Fluent), Punjabi (Fluent), Saraiki (Basic), English (Intermediate)
